Response to 09/03/2007 communication

The examiner indicated that the reply filed on May 7, 2008 is not fully responsive because Claims 1, 12, and 14 have deleted subject matter that is not easily perceived. I am attaching all the claim amendments, using the double bracket notation for Claims 1, 12, and 14. The word “~~the~~” was converted to “[[the]]” in Claims 1, 12, and 14. In addition, I corrected a typographical error in the removed text in Claim 14; the word “dynamically” was removed from the underlined text.
